#### What is it?

In 1999, American Express took over BBL Travel's business travel and trade fairs activities and became the absolute market leader in Trade Fair packages in the BeLux.

Over 70 international trade fairs in Europe and the USA are "packaged" in published travel programs every year.

One day return charter flights, special fares on one day return commercial flights, overnight travel programs, transfers to/from exhibition grounds, we have it all.

Furthermore, we offer special "trade" airfares on commercial flights during all exhibitions in major trade fairs cities such as Hannover, München, Milan, Frankfurt, Bologna, Birmingham...
